

## Customized Community Services

### Hillside Children's Center

Customized Community Services are designed to meet the needs of parents/guardians that are raising children with serious emotional disturbances and/or behavioral challenges. Goals are developed and based on the child/families strengths, needs, and desire for the identified support services. Customized Community Services can also be provided in school and mental health settings if there is a contract in place with a funder who has agreed to purchase Customized Services from Hillside.

Additional services may be developed to meet specific service needs.
