

## Therapeutic Foster Care

### Hillside Children's Center

Therapeutic Foster Care (TFC) provides a safe and therapeutic family environment for youth whose behaviors make it difficult for them to remain at home or cannot be managed at a lower level of foster care. The goal of TFC is to reunify the youth with their own families, or, if the child is freed, to establish them as quickly as possible in permanent adoptive families.

---

### ABOUT THE SERVICE

Therapeutic Foster Care services include foster family care, case management, permanency planning, coordination of medical care, skillbuilding and educational planning. Mental health services are provided or contracted through another mental health services provider if necessary. Specific services include:

- Supervision and support from trained and certified foster parents
- Case management with all youth and family service providers, court system and Department of Social Services
- Individual and family counseling by Hillside Children's Center (HCC) staff and/or another community service provider
- Targeted youth skill development from HCC skill builders
- Permanency planning by trained Care Coordinator Staff or Permanency Specialist
- Educational support and access to community schools by an HCC Education Specialist
- Health care by community physicians with monitoring by a HCC Nurse
- Foster Parent recruiting, training, and monitoring by HCC Homefinding Specialists
- Visitation coaching and supervision of visits if required by court order
- Transportation assistance to appointments and visitation as needed
